SHERPA MAP CLUSTER MEETING

18 JUNE 2020

The 18th June [meeting](#) is a follow-up to the 27 April [meeting](#) where activities planned for 2020 were presented to MAP facilitators and monitors. Since early 2020, facilitators and monitors enrolled MAP members and most of the MAPs are now complete. MAPs are currently implementing the first steps of the DELPHI, based on the SHERPA [Discussion Paper](#) on the long-term vision for rural areas and the Guidelines. The work currently undertaken by MAPs is happening in a particular context due to the covid-19 crisis and Discussion Papers are due before the summer. Therefore, this meeting is a good occasion to take stock and address any particular issue.

Objectives

The meeting has two main objectives:

- (1) To share results of the first steps of the DELPHI
- (2) To share experience regarding the preparation of the Discussion paper and address possible challenges faced by MAPs
