

Galician Rural Interfaces

Overview

- About the MAP: Regional. Lasting for 4 years. Not topic oriented
- Composition of the MAP: 17 members. (10 soc, 3 sci, 4 pol)
- Work related to the topic: desired rural (7 SHERPA themes + 2 new by the MAP) + preliminary insights on *how to achieve it?*.

What we did?

2020

- MAP composition: supported by the Galician Association of LAGs
 - 2 MAP members of the LAGs assoc. + 1 from reg. gov. + 3 from municipalities
- Vision → desirable rural incl. preliminary list of actions to achieve it
 - 1st survey to MAP members asked about the 10 objectives of the new CAP

2021: Actions to achieve the desired rural

Challenges

- Get a list of concrete actions with **9 themes in discussion** (7 from SHERPA + 2 from MAP) → External experts?, thematic meetings?
- Reinforce **synergies with the LAGs Assoc.** → Not only multiplier but also provider of ideas from non-represented municip. and org?
- **Galician MAP vs EU MAP.** Ensure Galician MAP results are taken up and do not get diluted when transposing to SHERPA
- Meet **expectations of the MAP members:** Not only contributing to a research project but inspiring real policy
- Policy actions by the MAP considering the different Galician contexts (peri-urban/coast, abandoned/mountain, active rural)?

THANK YOU

**Rural Science-Society-Policy
Interfaces**
