SHERPA

Rural Science-Society-Policy Interfaces

SHERPA REPOSITORY

SHERPA online repository gathers key information and ready-to-use knowledge related to rural areas, made available from past and ongoing EU-funded research projects.

WHY TO USE IT?

Information is available in an intuitive way via easy-to-navigate interfaces. It enables access to a wealth of knowledge particularly focusing on the results of rural-related research.

Information can be filtered by topics, research and funding programme, key words, time period and participant organisations.
