## How to achieve our vision!

- Identify needs gaps & barriers, imposed by different contexts, for the broad adoption of solutions.
- Create and assess an inventory of solutions based on research, project results & commercial solutions.
- Maximize the impact of existing scientific & practical knowledge on alternative weed control.
- Adapt & scale up local & transnational knowledge exchange & experiences.

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement N° 101060591
